# Kaiser Traveler

*...World's first 2-cars-in-one*

**You call the signals!** Your Kaiser Traveler puts two cars at your disposal. In 10 seconds, you can convert this big, beautiful 6-passenger luxury sedan to a husky cargo cruiser...ready to help pay its own way.

**Look at that big, burly back!** A 10-foot long, steel-shod hold, with 130 cubic feet of room to haul football gear or oak veneer...boats, boxes or bales of hay.

**America's smartest line play!** The sweeping lines of a big, big car add to your pride, pleasure and riding ease. Big 123½" wheelbase ends 'short car fatigue'.

**Driving power to spare!** Velvet-smooth Thunderhead engine keeps you ahead of the field on long runs...slips you through traffic smoothly. 7.3-to-1 high compression ratio slashes gas costs.

**Plenty of extra points!** The Kaiser Traveler gives you an 'extra car' for your money...two kinds of cars for the price of only one. So why sit on the sideline when you can drive a Kaiser Traveler!

**See your Kaiser-Frazer dealer for a demonstration** Hear Walter Winchell. Every Sunday evening. A.B.C.

## Game Forecast

John Carroll tonight will be striving to keep intact a perfect record against invading Bowling Green State University of Bowling Green, O. The Streaks and Falcons have met three times with the former winning in 1924 (51-0), 1938 (20-0) and last year gaining a 13-13 tie in the final quarter.

The 1948 thriller at Bowling Green, which brought together two of Ohio's finest college teams, produced the only mar on the Falcons' otherwise perfect record.

This year the offensive-minded crew of Coach Bob Whittaker has dropped behind its '48 pace and is currently riding a two won-three lost record. All indications, however, point to a wide-open, free-scoring donnybrook tonight.

Come next Friday night, November 4, the Blue Streaks will entertain the Case Rough Riders and a word to the wise should be sufficient. There's usually enough blood and thunder in this one to last an entire season.

## Ticket Information

Tickets for the remaining home games of the Streaks can be purchased at the John Carroll University Ticket Office, located in the lobby of the Administration Building on the university campus at Miramar and Carroll Blvds., University Heights 18, O. Tickets can also be obtained at the ticket office of Richman Brothers, 736 Euclid Ave., in downtown Cleveland, during the week of each home game. For Carroll's final away game with Canisius College of Buffalo, N. Y., tickets can be purchased at the university.

Ticket prices are as follows:

(1) \$2.50 box and reserved seats—upper deck (reserved seats are the first six rows behind boxes).

(2) \$2 reserved seats—upper deck, all sections.

(3) \$1.50 reserved section (students)—lower deck, sections 6, 7, 8, 9. Visitors' sections are sections 36 and 37.

(4) \$1 general admission—lower deck, all sections except those shown in (3). (General admission not sold at Richman Brothers.)

The Streaks' remaining home games, all at Cleveland Stadium, are:

Friday, Nov. 4—Case Tech. 8:15 p.m.

Saturday, Nov. 19—Baldwin-Wallace, 2 p.m.

## President's Message

**JOHN CARROLL vs. BOWLING GREEN**

**October 28, 1949 — Cleveland Stadium**

The presence of so many members of the Northern Ohio Teachers' Association in Cleveland for their annual convention makes this an occasion for special greetings from the President, trustees, alumni, faculty and students of John Carroll University.

Many of our visiting guests here tonight are graduates of Bowling Green State University. To them and to the esteemed President of their Alma Mater, Dr. Frank J. Prout, we extend a hearty welcome.

We sincerely hope that the cordial relations established within the last two years between the Blue Streaks and the Falcons will be more firmly fixed by this first visit of the gridiron greats of Coach Whittaker to our Municipal Stadium.

# JOHN CARROLL UNIVERSITY

GRASSELLI TOWER

John Carroll University, located in one of Cleveland's newer residential suburbs, University Heights, occupies seven imposing buildings and fifty acres of campus. Gothic type in architecture, the structures are completely furnished with modern equipment and facilities. Two buildings are devoted entirely to science.

John Carroll began her educational work in 1886 when the Society of Jesus (Jesuits) established itself in Cleveland by opening St. Ignatius College on the city's West Side.

In 1890 the college was incorporated under the laws of Ohio and legally empowered to confer the usual degrees of arts and sciences.

In 1896 a meteorological observatory came into existence under the noted seismologist, the Rev. Frederick L. Odenbach, S.J. Eight years later

the Carroll seismological observatory was established, thus becoming the fourth observatory of its kind to be founded in the United States. It now ranks among the top ten seismological stations in the country.

Late in December, 1935, after an intensive fund-raising campaign had achieved success for a building program, the university staff and students moved to their sparkling new quarters and plant in University Heights. Ten years later provision was made for a School of Business, Economics and Government to be added to the long-standing College of Arts and Sciences.

Expanding enrollment, enlargement of curricula and continued implementation of a wholesome educational philosophy have since further combined to give John Carroll University a permanently substantial reputation for sound advanced education.
